## MOVING SUPPLIES

### Tips

Before you order, please review these helpful tips

- Stay clean. Use white packing paper for items that cannot be washed.  
*Budget tip:* Newspaper can be used for items that can be washed such as glasses and dishes.

- To keep the cost down, use towels and your own blankets as blankets to protect fragile items.

*Budget tip:* If you source local stores (grocery, liquor, retail) for free boxes try to get clean boxes of the same size for uniform loading and stacking.

- Use existing bins and boxes for packing.
- Use special colored tape or pen markings for boxes that need to be easily identified.
- Place styrofoam plates between dishes to prevent breakage.

## MOVING SUPPLIES CHECKLIST

# Needed	Price	Size	Description
		1.5 Cubic Foot Carton	Small carton is ideal for heavier items such as books and compact disks.
		3.0 Cubic Foot Carton	Medium-sized carton that can be used for pots, pans, toys and small appliances.
		4.5 Cubic Foot Carton	Ideal for items such as lampshades, board games, and linens
		6.0 Cubic Foot Carton	Large carton that should be used for lightweight, bulky items such as pillows, down comforters, and blankets
		Dishpack	Extra sturdy carton for fragile items including dishes, china, crystal, and glassware.
		Wardrobe Carton	With its included hanger bar, this large box is a convenient way to transport clothing from your closet. Could also be used to hang your draperies.
		Mirror/Picture Carton	Telescoping cartons that are designed to fit almost any mirror or picture
		Mattress Carton	Available in all sizes, use this carton to protect any mattress and box springs.
		Other carton: specify	
		Other carton: specify	
		Bubble Wrap	Protection for highly fragile items such as delicate crystal or glass.
		Wrapping paper	Dishes and other fragile items that will be packed in one box that need buffer between.
		Blankets	Ideal for larger items such as furniture or large accessories that have special finishes that need protection.
		Labels	Designed for special instructions or alerts for handling (i.e., "fragile" "this side up" "do not bend").
		Pens and Markers	Black magic marker type. You might also use a different color if you want to color code boxes.
		Scissors or box cutter	A device sharp enough to cut through cardboard.
		Measuring Tape / Ruler	<ul style="list-style-type: none"> <li>• Soft tape measure to wrap around items</li> <li>• Hard edged ruler for hard surfaces.</li> </ul>
